

## **Bike Division Report**

### **CSC AGM June 6, 2018**

In 2017, the Camrose Bike Club met below the Stoney Creek Center every Monday night at 7:30pm for mountain bike group rides. We also fatbiked all winter on our singletrack trails.

In 2018, we will be continuing our 7:30pm Monday night mountain bike group rides, meeting below the Stoney Creek Center. We have also added Saturday morning mountain bike group rides, meeting at 8:00am below the Stoney Creek Center. Group rides for fatbikes will continue in the winter, meeting in Valleyview on Valleyview Drive where the walking path crosses the road.

We will continue to maintain, improve and expand our singletrack trails. This summer we will be adding trail signs including trail maps on all of our singletrack trails. We have also found a location to move our bridge not too far from its current location.

For times and meeting places, please visit the **Camrose Ski Club website** (click on programs) or **Camrose Bike Club** on Facebook.

Please visit **camrosemtb.club** for trail maps.
