

## 2018-2019 Camrose Ski Club

### Membership Report

For the 2018-2019 season we had 226 members signup. We continue to encourage the community to purchase memberships. The membership fees help to keep our trails and equipment in top-notch shape. From grooming ski trails, mowing running trails and maintaining the single-track bike trails. The membership also includes fees for Cross Country Alberta and Nordiq Canada. These fees support the development of the skiing program, along with insurance for any member using the trail system in Camrose.

A donation page has been setup on Zone4 for single day usage. Follow the link from the Club website.
